Hi Jacquie,

I would be interested in these help sessions as well as a slot for one of the appointments however I have a class that goes from 5pm-8pm on Thursdays.

Regards,
Joseph Hunt.

Subject: COIT11222 - Help session with unit coordinator

Hi everyone,

I plan to run the help session again on Thursday evening for the next couple of weeks. Depending on student interest this may be extended in subsequent weeks.

However, since people normally wanted more individual help at the last help sessions I ran, I am going to trial the following format:

1. 6:30 - 7:00 - a drop in session for anyone. More general questions can be asked about the unit content and/or the assignment. However, if you are the only one there I can provide individual assignment help.
2. 7:00 - 8:00 - 15 minute appointments. Email me (j.jarvis@cqu.edu.au to make an appointment). If more than 4 people require an appointment the time may be extended.

Please email me if you want an appointment this Thursday. (Note that you can also make other appointments to meet with me over zoom on Mon-Fri during the day.)

Please email j.jarvis@cqu.edu.au - **do not reply to this email.**

Regards, Jacquie
